SUBJECT: STATUS REPORT ON THE PLUMBING CODE COMMISSION

The Registrar of Contractors is preparing an Economic Impact Statement which will be submitted to Governor's Regulatory Review Council (GRRC) in the near future. If GRRC finds everything in order, it will forward their report to the Secretary of State's Office (SOS). Three weeks after the SOS receives the report, that office will publish the proposal and it will be available for public comment. The Commission will hold at least one meeting (or possibly three: Phoenix, Tucson and Flagstaff) for public comment. If there are any comments at these meetings, the Commission will prepare responses to each comment (after the meetings) and resubmit their recommendations to GRRC. If the GRRC accepts the report, it will pass it along to the SOS office where it will be published in its final form.
